SUMMARY

Results-driven Software Engineer specializing in Python, automation, and cloud technologies. Passionate about building scalable apps, optimizing performance, and solving complex problems.

EDUCATION

2019 - 2023	Vasavi College of Engineering   Bachelor of Engineering	8.6 CGPA
2017 - 2019	Sri Chaitanya Junior College   Intermediate	96%
2017	St. Ann's High School   SSC	9.7 GPA

SKILLS

Languages: Python, C++, SQL, HTML, CSS

Databases: OracleDB, PostgreSQL, MySQL

Tools and Technologies: Gitlab, OCI, Kubernetes, Docker, Grafana, Prometheus

EXPERIENCE

Oracle Jan 2023 – Present	Project Intern	Remote   Jan 2023 - Jul 2023
	<ul style="list-style-type: none"><li>Joined Enterprise team as a <b>Project Intern</b> for 6 months and transitioned into a full-time role.</li><li>Developed a Python tool to <b>automate</b> inter-database compatibility testing across all CDBs in cloud-native production, reducing manual effort by 50% during critical operations</li></ul>	
	Associate Application Developer	Hyderabad   Aug 2023 - Present
	<ul style="list-style-type: none"><li>Developed and deployed multiple <b>Python utilities</b>, reducing manual effort by <b>50%</b> globally.</li><li><b>Designed</b> and <b>implemented</b> an Elasticsearch Analyzer tool from scratch across all partitions in CNProd, enhancing analysis efficiency by <b>90%</b> through <b>REST</b> API integration.</li><li>Optimized backend <b>performance</b> in applications by managing indexing, SQL plan baselines, SQL tuning, and executing service requests on <b>OEM</b>, Oracle <b>ADB</b>, and <b>Exa Databases</b>.</li><li>Monitored infra using <b>Grafana</b>, <b>Prometheus</b>, <b>Kibana</b>, <b>OCI Logging</b>, reducing downtime.</li><li>Optimized server <b>capacity</b> utilization, reducing infrastructure costs by <b>15%</b>.</li><li>Managed Kubernetes-based services, ensuring high availability for customer environments.</li><li>Released weekly deployments of hotfixes and major releases for <b>SaaS</b> customers.</li></ul>	

ACHIEVEMENTS

- Recognized with **Spot Award** for impactful contributions to project milestones and overall success
- Mentored** and trained all new joiners, accelerating their onboarding process and ensuring seamless integration into projects and daily operations
- Published multiple internal **documentations**, reducing dependency on key individuals and enabling seamless collaboration across global and cross-functional teams

CERTIFICATIONS

- Oracle Cloud Infrastructure 2024 **GenAI** Certified Professional
- Oracle Cloud Infrastructure 2023 **AI** Certified Foundations Associate
- Oracle Cloud Infrastructure 2023 Certified **Foundations** Associate
